Christian church, together with Mrs.
Kinnaird's Sunday school class will con-
duct an exchange in the E. W. Harris
store room next Saturday. Everything
good to eat will be offered for sale and
at prices that will please. Patronize
them.

HUBBARD TRIAL NOV. 19TH.
The grand jury of Lincoln County
has returned an indictment for murder
against Ed Hubbard and his trial for
the killing of M. S. Thompson has
been set for Monday week, Nov. 19th.
Attorneys for Hubbard say they are
ready for trial and those for the pro-
secution say they are also ready.

LAST RESERVES CALLED.
Germany has called out her last re-
serves in the past few days according
to a British dispatch. Within twenty-
four hours all men not utterly in
exhausted will be on their way to
training centers. It is apparent that
Germany intends to make final effort
on the western front before Americans
fully become effective.

AUTO ACCIDENT.
Mrs. William Burnett, of Shadyside
and the son of Mrs. B. F. King, of
Limestone, were painfully cut and
bruised when a tree fell on their car,
driven by Mr. King, who was weekend
in Limestone. The snap of the State
poker after a race in a bridge in front
of the Lawson farm Saturday evening
at 7:30 o'clock. Mr. King escaped
with an injury. The machine was
fully damaged. Shadyside News.

GET YOUR HUNTING LICENSE

Beginning today, November 1, the hill boy is off for six weeks and
during that time, only one race will be
killed. For rule, the game warden
will get even, if you don't catch out.
You can't hunt without a license, so
you can't kill over 12 birds in a day, you
can't hunt on another's place without a
license, without the consent of the
landowner. About fifty of the best
farmers around Lancaster are tested and
remember, the game warden will get
you if you don't watch out.

SOME COON.

Harry Tomlinson, "Skinny" Miller
and Parker Jenkins captured a coon
last Friday night on the Price farm
that weighed 36 pounds.

His "coonskin" whipped three dogs
to a standstill, after a fight of forty
minutes, was finally subdued and placed
in a sack, and brought to town, after-
wards whipping two more fresh dogs
and was at last killed with a sledge
hammer borrowed from Tom McMillan.

Mayor Davidson claims to have weigh-

SLIGHTLY HURT.

While working under a machine in
the Garage of Theodore Blue, last Mon-
day, Dear Zanone was severely hurt
in the machine slipping from its fast-
enings and falling, cutting Zanone
underneath. Fortunately the full
weight of the machine was held up by
the springs, or the accident would have
been more serious. His friends were
glad to see him out yesterday, and he
may be able to return to work in a few
days.

RED CROSS NEWS.

The local Red Cross chapter is ener-
getically pushing its work and many
articles are being forwarded every
week to the general headquarters, to
be sent later to the French front.

Three more boxes were shipped last
week, containing surgical dressings,
sweaters, socks and wristlets and also
a number of trench candles.

On account of the intense cold in
France it is very important and neces-
sary that all knitted articles be sent in
as soon as possible and all knitters are
asked to rush up this work.

The date of the Red Cross exchange
has been changed to Saturday Nov-
ember 24th.

REVIVAL AT THE BAPTIST CHURCH

Beginning last night a series of
meetings will be conducted at the
Baptist church in this city, Rev. B. A.
Dawes, of Bryantsville, leading the
services. Rev. Dawes comes to no
stranger to our ministry and will be well-
received by his old friends here, who will
remember him so pleasantly. A con-
secrated, Christian gentleman, a speaker
of ability, his sermons will be greatly
enjoyed by the splendid crowds that
we predict will come out to hear him.

WAR NEWS OF THE WEEK.

Major Washburn, while in Louisville,
in an address on Russia, has revealed
new phases of the army of that coun-
try not heretofore understood by the
people on this side. In his defense of
that army he says that, but for them
the United States would now be paying
an indemnity to Germany.

It is understood that the troops are
loyal to Kerensky in the recent up-
heaval in Russian affairs. However,
should they make a separate peace the
vast quantities of material being man-
ufactured for that country by the United
States will not be shipped.

The Italians declare that the Teuton
drive is checked. A huge battle is im-
pending along the Piave River where
the Italians expect to meet the opposing
forces.

The British forces, by hard fighting,
in spite of rain and marsh, have ex-
tended their line in Flanders.

The American officials are under-
taking to open negotiations with Ger-
many in regard to the treatment of
prisoners. The German prisoners in
the United States have received the
best of treatment and it is hoped that
similar consideration will be accorded
United States soldiers taken prisoners
by them.

The artillery forces at Camp Shelby
are receiving their first actual firing
practice. They are also being trained
in wearing the gas mask, which, on the
firing line, is carried strapped across
the breast in a scabbard resembling the
children's scabbard. It contains one
oxygen tank, one reserve oxygen
tank in case of a prouding attack, one
tube for carrying oxygen to the face
and one reserve tube in case a bullet
pierces the first one. The mask fits
snugly over the face, closing the nose
and mouth tightly. The mouth may
be necessary, and is adjusted
quickly to the sound of an alarm given
by a signal on guard to the gunners.

The Germans are using, on certain
fronts, Indian beds of the coast
type. After the mine is set
the men cover the bed with a
sheet of the best canvas, considerately
dug up high explosives and when it dashes
together bursts the explosion takes
place. This device is an old one. It
was used in 1885 by H. M. S. Vernon
on an experimental ship. All the so-
called German inventions are simply
patented after other nations. They
have very little inventive genius but
they do not lack practical use of the
brains of other people and stamp it "made in
Germany."

This is Y. M. C. A. week. Garrard
county is asked for \$1000.00. Do your
bit and help make a home for the boys
on the other side who are doing your
fighting for you.

We cannot have peace without war.
The United States has to contribute its
quota of men and money. The sooner
we meet the demands the sooner will
the desired end be accomplished.

EIGHTEEN MORE BOYS

Certified To District Board For Military
Service

The local Exemption Board have
probably examined the last boy under
the present system of too old, but, as
in the future they are to be classified
as explained in another part of this issue.

About fifty have been examined during
the past week and the following have
been accepted for military service and
certified to the District Board. Currey D. Rice, Lewis Yantis, (test), Louis
Fowler, Robert Dunn (test), Royton Ray, John Middleton, Wm. H.
Layton, Jasper Mathews, Virgil Reynolds, Wm. T. Green, John L. Burton,
(test), Charles Jennings, (test), Shirley Sudler, (test), Adolph D. Joseph, Web
Christopher, Everett East, Elmer East, and Liburn Naylor.

AGRICULTURAL DISPLAY

Of Garrard Products December 1st.

Plans are maturing rapidly for the
first agricultural display of Garrard
county products ever held in the
country and the interest being manifested
insures one of the best exhibits that
will be shown in the blue grass this
year. The premium list is being made
out and will be published in the next
issue of the Record. The merchants
and business men are donating liberally
towards the premium which should
bring out a large exhibit and the competition
will undoubtedly be large as the
exhibit at the end of the show
will be turned over over to the Garrard
county chapter of the Red Cross.

Farm agent, W. H. Rogers, and Mr.
Lou Tunder have the work in charge
and with the hearty co-operation of
the citizens of the town and county to-
gether with the help of the Red Cross
insures it a success from the beginning.

The exhibition will take place at the
Fox Theater and will be held on Saturday,
December 1st. Garrard county is
nationally known for her farm products
and every farmer in the county should
have an exhibit at this show of some
character.

Help boost the Fair; help boost the
county; help boost her products and
help boost the Red Cross.

ARM BROKEN.

Mr. Ross Bastin is nursing a broken
arm, resulting from a kick of an auto
crank. The accident happened yester-
day about noon and is causing him some
pain, the large bone near the wrist being
broken.

The Italians declare that the Teuton
drive is checked. A huge battle is im-
pending along the Piave River where
the Italians expect to meet the opposing
forces.

The British forces, by hard fighting,
in spite of rain and marsh, have ex-
tended their line in Flanders.

The American officials are under-
taking to open negotiations with Ger-
many in regard to the treatment of
prisoners. The German prisoners in
the United States have received the
best of treatment and it is hoped that
similar consideration will be accorded
United States soldiers taken prisoners
by them.

The artillery forces at Camp Shelby
are receiving their first actual firing
practice. They are also being trained
in wearing the gas mask, which, on the
firing line, is carried strapped across
the breast in a scabbard resembling the
children's scabbard. It contains one
oxygen tank, one reserve oxygen
tank in case of a prouding attack, one
tube for carrying oxygen to the face
and one reserve tube in case a bullet
pierces the first one. The mask fits
snugly over the face, closing the nose
and mouth tightly. The mouth may
be necessary, and is adjusted
quickly to the sound of an alarm given
by a signal on guard to the gunners.

The Germans are using, on certain
fronts, Indian beds of the coast
type. After the mine is set
the men cover the bed with a
sheet of the best canvas, considerately
dug up high explosives and when it dashes
together bursts the explosion takes
place. This device is an old one. It
was used in 1885 by H. M. S. Vernon
on an experimental ship. All the so-
called German inventions are simply
patented after other nations. They
have very little inventive genius but
they do not lack practical use of the
brains of other people and stamp it "made in
Germany."

This is Y. M. C. A. week. Garrard
county is asked for \$1000.00. Do your
bit and help make a home for the boys
on the other side who are doing your
fighting for you.

We cannot have peace without war.
The United States has to contribute its
quota of men and money. The sooner
we meet the demands the sooner will
the desired end be accomplished.

Don't Burn So Much Money!

How would you enjoy
a furnace that saves a third
or more of your fuel?

And how would you like to get more heat
from the smaller quantity of fuel than you
formerly did from the larger quantity?

Here's a furnace that will do just that thing—
save fuel and give more heat for the fuel
consumed. It's the

The Original Patented Pipeless Furnace

It does away entirely with a complicated system of
long pipes and many registers and sends heat directly
up into the house through one centrally located register.
Then, the heat circulates from room to room—displacing
cooler air which is drawn down and reheated—till every
nook and cranny is warm as toast. Yes, and this free,
unhindered circulation takes place in an amazingly
short time and gives an equal degree of warmth
in all the rooms.

The Caloric Furnace is doing this in thousands of happy homes.

Hundreds of delighted Caloric owners
write letters of unstinted praise, telling
how comfortable they are and
how much less coal, coke or wood
they burn than formerly.

The Caloric is a wonderfully efficient
furnace. It may be installed in an
old house as well as a new, and
even where there is no cellar. You
really ought to know about it.
Come in, let us show you some of
its many advantages—the patent-
ed triple casing that keeps
the cellar cool, and its guar-
anteed firepot that has 500 square
inches more radiating surface
than other firepots.

Remember the Caloric is ab-
solutely guaranteed to give
you more and better heat,
and to save 35% of fuel
or no sale.

Leading Dealers.

We have arranged for a series of six interesting articles, "War Talks, by Uncle Dan," written by Mr. Howard H. Gross, president of the Universal Military Training League, of which this is the first. They tell in a graphic way why military training is of value, both to the nation and to the individual, and our readers will find them of unusual interest.

WAR TALKS

By UNCLE DAN

Number One

America Must Fight Hard or Germany May Win—Necessity for Military Training.

"Now, Billie," said his mother, "your Uncle Dan is coming tomorrow to spend a week with us on the farm, and if you want to know about the war, here's your opportunity. Uncle Dan is probably one of the best-informed men in the country." Billie clapped his hands and gave such a whoop that he wakened the baby, but what could you expect of a fifteen-year-old boy who is a living interrogation point and wants to know about war?

Uncle Dan arrived in due time and Billie watched for an opportunity. It came that evening after dinner when Uncle Dan had lighted a cigar and taken a seat on the porch.

"I'm mighty glad you came, Uncle Dan. I want to talk to you about the war. We have just put military training in our township high school, but we had a hard time to do it. The Joneses and the Greggs objected. They said the war wouldn't come over here. Grandma Jones said: 'They ain't no use to worry, it will soon blow over.' Well, we put the training in just the same. You order home Judge Brownell, the president of the school board, do the slackers up. He said unless we take off our coats and go to it, Germany may yet win, and if she does, she will take over the great British fleet as a war trophy and compel us to do what ever she wants to; that she could make us pay all the cost of the war; the Kaiser could tax us as pleased and that we couldn't help ourselves. He could make every one pay over a part of what he earns; that he could make the farmers pay rent for their own land, etc. Now, Uncle, what do you think of that?"

"Well, my boy," said Uncle Dan, "all that Judge Brownell says might easily come true and may unless we go quickly to the aid of the allies with large numbers of men and help them break the German line. Unless we can beat the submarines, they may prevent us from getting enough food to the allies to keep them going. In that case Germany would win. As matters stand today, our greatest need is trained men. If we had had several millions of men with military training in our industries and on our farms when the war came, who could have been called up once for service, I do not believe the Kaiser would have forced the war upon us. As it is, he had no respect for us, and now we are in it and must go through with it. But never again must we be caught so wholly unprepared."

"There is only one safe way," said Uncle Dan, "and that is to adopt permanently universal military training, apply it to every young man who is physically fit in his nineteenth or twentieth year. The training can be carried forward in the United States training camps that are now being established for training men called by the selective draft. As soon as these men vacate these stations, they should be filled by younger men, and this should be made the permanent policy of the country."

Billie's mother, Mrs. Graham, had overheard the conversation. She came out and said: "Really, Brother Dan, are you serious as to the dangers of our country? If it is as bad as that, it is high time for us to wake up and do something about it."

"Exactly," replied Uncle Dan. "It is better to wake up now than to be suddenly awakened later. We may as well understand, sister, that this is our war and we must win it or God help America. Everything that we have or hope to have—our liberties, our blessings, our opportunities are all involved in the great issue before us. Nothing must stand between us and winning this war. It is a question whether the people's right or the Kaiser's might shall dominate the world. If there ever was a holy war, this is it. We are fighting for world liberty. We are fighting for the freedom of humanity. We are fighting for the right of men to govern themselves instead of being governed against their will by a war-mail overlord. Perilous times are ahead of us. We must be prepared to make any sacrifice, to perform any service that may be required of us."

"Oh, Uncle Dan," exclaimed Billie, "may I bring my chum, Jimmie Collins, when we have our next talk? He is a bug on this war business and just crazy to see you."

"Certainly," said Uncle Dan, with a hearty laugh. "If we are to have more talks, I shall be glad to have Jimmie join us."

Billie clapped his hands and ran to the phone and told Jimmie to be over at seven o'clock the next evening.

"One of the Famous Five"

For Next Tire—

The rugged, enduring, ground-gripping, anti-skid 'Chain' Tread

Next time you need a tire, buy a United States 'Chain' Tire!

You will get more real service out of it at lower mileage cost than you have ever had out of any other make of woven fabric pneumatic.

While you may hope we are right, we know we are right.

We know, because we make the 'Chain' Tread.

We know, because thousands upon thousands of motorists having once tried the 'Chain' Tread, continue season after season to remain 'Chain' Tread users.

We know, because the tremendous sales increases show a continuously growing increase in new users.

Put one of these rugged, enduring, ground-gripping 'Chain' Tread Tires on your car and make comparisons.

LOWELL

Miss Editha Veyte is a visitor in Richmond this week.

Mr. Carl Bone was in Richmond Saturday on business.

Mr. L. H. Davis of Livingston visited his parents Thursday and Friday.

Mrs. J. N. Hedges who has been quite ill for some time, is slowly improving.

Brae shorts, mixed feed, oats, corn, hay to side, Hodson, Hughes & Farnau.

Mr. J. W. Anglin and family spent Sunday with their daughter, Mrs. Andy Davis.

Misses Ida Horte and Ethel Mae Davis were shoppers in Lancaster Saturday.

Mr. Chester Clark who has been in Ohio, seeking a location, returned home Sunday.

Miss Edie Mae McKinney of Richmond is the attractive guest of her aunt, Mrs. Ed Brown.

Mr. Walter Parks of Richmond was the week end guest of his grand-parents, Mr. and Mrs. Wm. Hunte, Sr.

Mrs. S. P. Davis returned home Thursday from an extended visit to her daughter, Mrs. Handwick in Hamilton, Ohio.

Please from this place who attended the pie supper at Mansfield, Saturday evening, report an unavoidable time and a good size of pie.

DON'T BLAME THE CHILD.

Don't scold your children for lack of control over the kidney sections. It is not always the children's fault in many cases it means weak kidneys and can be readily righted. Read this last enter mother's advice.

Mrs. H. G. Cutchell, Stamford, Conn., says: "My wife, 60, was greatly troubled with kidney trouble, and had to continue on their action, which caused me to consult a doctor and then the child under full. I got a box of Dr. Dean's Kidney Pills and began giving them to him to drink. They promptly cured him."

(Statement given December 24, 1916.)

A PERMANENT CURE.

On November 17, 1916, Mrs. Cutchell said, "The cure Dr. Dean's Kidney Pills made for one of my children has been a lasting one."

At all dealers, Foster-Millburn Co., Mfgs., Buffalo, N. Y.

MANSE.

Mr. and Mrs. Henry Green are the proud parents of a boy.

Mrs. Bordette Ramsey spent the past week in Tenn., and Indiana with relatives.

Mrs. Jane Estridge is visiting her brother, Mr. Harry Angel of Marion county.

Messrs Otto and Carl Bowling of Camp Taylor were the week end guests of home folks.

Mr. and Mrs. John Gillon of Perry County were the guests of Mr. and Mrs. A. McKnight the past week.

Our flour is guaranteed to please you or money back.

Hudson, Hughes & Farnau.

Mr. and Mrs. Naper of Owlsley Co., spent the past week with Mr. and Mrs. A. T. Bowling and Mr. and Mrs. H. Mayes.

Mr. and Mrs. H. P. Cunn and children, Mrs. W. P. Anderson and children spent Sunday with Mr. and Mrs. A. T. Bowling.

Miss Allie Creek of this place and Mr. Willie Rhodes of Madison were united in marriage at Lancaster on last Wednesday eve.

The death angel visited the home of Mr. and Mrs. Thompson and claimed their son, Arch. He leaves a devoted wife to mourn his loss, also a father, mother, two sisters and two brothers.

Mr. W. L. Grow sold to Clint Sher-

Thursday.

Thursday.

Quite a number from this community were in Lancaster Saturday morning to hear the address by Prof. Coates of Richmond.

Mr. and Mrs. Ed Dailey and daughter visited Mr. and Mrs. D. J. Walton of Marksburg, Saturday and Sunday. Mrs. Walton is ill.

In accordance with the request of the committee in charge of the Y. M. C. A. work, the regular collections of the Methodist and Baptist Sunday Schools of this community were donated to the fund being raised by Garrard county.

At its business session Saturday afternoon, Liberty Baptist church recalled Rev. D. F. Sebastian to be its pastor for the coming year. Beginning in January services will be held twice a month—on the second and fourth Sundays.

Our Sunday Schools are doing good work and have a great mission to perform. Everyone is urged to attend. The knowledge and training that is received in the little schools is a great factor in the formation of character and every father and mother should take their children or see that they attend.

WORLD MAKE DADDY SORRY.

Richard was proud of his newly acquired pompadour. One day while standing in front of the glass admiring it, he suddenly turned to his mother and said: "Say, mamma, when dad comes home and sees my pompadour, won't he be sorry he had his hair cut bald."

FUEL VALUE OF WOODS.

Hickory, oak, birch, bird's nest, maple, ash, elm, locust, basswood, pine and cherry have fairly high heat values, and only one cord of seasoned wood of those species is required to equal one ton of coal. Hickory is the non-combustible wood, has the highest heat value per unit volume of wood and has other advantages. It burns evenly and as housewives say holds the heat, the oak comes next, followed by beech, birch and maple.

PASTE ON YOUR MIRROR.

He has twenty-nine chances of coming home to one chance of being killed.

He has ninety eight chances of recovering from a wound to two of dying.

He has only one chance in 500 of losing a limb.

He will live five years longer because of physical training.

He is freer from disease in the army than in civil life.

He has better medical care at the front than at home.

In other wars from ten to fifteen men died from disease to one from bullets.

In this war one man dies from disease to every ten from bullets.

This war is less wasteful of life than any other in history.—Chicago Herald.

Richard was proud of his newly acquired pompadour. One day while standing in front of the glass admiring it, he suddenly turned to his mother and said: "Say, mamma, when dad comes home and sees my pompadour, won't he be sorry he had his hair cut bald."

FUEL VALUE OF WOODS.

Hickory, oak, birch, bird's nest, maple, ash, elm, locust, basswood, pine and cherry have fairly high heat values, and only one cord of seasoned wood of those species is required to equal one ton of coal. Hickory is the non-combustible wood, has the highest heat value per unit volume of wood and has other advantages. It burns evenly and as housewives say holds the heat, the oak comes next, followed by beech, birch and maple.

TAKE CARDU

The Woman's Tonic

Mrs. N. E. Varner, of Hixson, Tenn., writes: "I was passing through the . . . My back and sides were terrible, and my suffering indescribable. I can't tell just how and where I hurt, about all over. I think . . . I began Cardu, and my pains grew less and less, until I was cured. I am remarkably strong for a woman 64 years of age; I do all my housework." Try Cardu, today. E-76

THE NEW DRAFT SYSTEM.

The first contingent of our new army consisting of 687,000 men is about completed and steps are being taken and the plans are now being published for the next contingent. The entire population and especially the doctors and lawyers are appealed to in the crisis of the nation to give of their best efforts and free service to advise and council the drafted men in reporting to the Draft Boards. There should be organized in this community, three of these boards, one constituted of the legal profession, one of the medical fraternity, and another of the private citizens for the purpose of assisting the boys who are called to do military service in presenting their cases to the Draft Board.

The next contingent will be made up in quite a different manner from the one just completed, which makes the assistance of these Advisory Boards so necessary. Under the new system, just published, every man who registered and who has not heretofore been called for examination will be furnished with a list of questions which he will be required to answer and file with the Local Board within a week after he receives them. The date when these questions will be furnished has not been fixed by the War Department but it will be in the near future. After the questions have been answered and returned by the drafted men, the local board will proceed to immediately divide the entire remainder of the drafted men into five classes and the men will be called into military service according to the class and to the serial number in the respective classes beginning with class one. The first class will include bachelors or married men who have no one dependent upon them for support and not skilled in any essential work in industry. Second class includes married men whose families would be able to support themselves and skilled farm laborers or men engaged in necessary industrial enterprises. The third class includes men with parents, brothers, sisters or foster children entirely dependent upon them for support and county or municipal officers. The fourth class includes married men with wife and children absolutely dependent upon them for support. The fifth class are those who are registered but supposed to be wholly exempt from service, such as national and state officers and ministers of the gospel, and those physically unfit for service. The whole of the next contingent will probably be made up of class number one, taken in the order of serial numbers.

This seems to be the wisest and most practical way of completing our army. If the appeal by the President and the War Department is heeded and the Advisory Boards are promptly organized to help the drafted men to honestly and correctly answer the required questions so each may be in his correct class, the nation will have a powerful army of which the Kaiser will take notice.

NEW FIRM.

The Slapp-Slaton Furniture Company this morning, took full charge of the Wheeler Furniture Company which was purchased last week by the new firm. Mr. L. E. Sapp will be the active manager of the new firm. Dr. J. T. Slaton, of Lexington, will not take an active part in the conduct of the business. Mr. Keen Lutes who has been with the store since it opened here, will remain with the new firm. Mr. Lutes is one of the best furniture men in this section of the State. Mr. Sapp, who has been connected with the Wheeler stores a number of years, is well known in Danville. He is a hustler and a popular gentleman and knows the furniture business from beginning to end. He will be warmly welcomed as a resident of Danville. The same liberal policies that have characterized the Wheeler store in the past will be followed by the new firm. Goods will, in the future as in the past, be purchased through the Wheeler string of stores. The Advocate predicts continued success for this popular establishment. --Advocate.

A FORMER LANCASTER BOY.

The following item from the Courier-Herald of Dublin, Georgia, will be read with interest by all who remember Rev. C. M. Chumbley when he was Pastor of the Presbyterian Church of this place. When Mr. Chumbley came to Lancaster, Lewis was four or five years of age and his first school was in the Lancaster Grade School. Mrs. J. Price being his first teacher.

Mr. Lewis Chumbley, who has had charge of the military instruction in Richmond College, Richmond, Va., has recently received a commission as captain in the corps of engineers in the Virginia Volunteers. In addition to his work as military instructor in the college Captain Chumbley is also teaching higher mathematics and chemistry in Richmond Academy and taking the regular law course in the college. His class, Junior Law, has honored him with the presidency of the class, an honor that his friends in this city will appreciate.

SUES FOR BIG AMOUNT.

Suits were filed through the United States district court at Frankfort by C. C. Husworth, trustee in bankruptcy of the Kentucky Rural Credits Association, against former officers and others connected with the company for \$206,000. In one suit he seeks to recover from James L. Watkins, the treasurer, and the American Surety Company of New York, \$25,000, alleged to have been paid out to O. L. VanLandingham, agent for the sale of stock. In the other he seeks to recover \$231,000 from former Gov. James B. McCreary, president of the company; W. H. Giltner, Joe C. VanMeter, Hubert Vreeland, James L. Watkins, Forrest Butts, Wallace Muir, J. L. Jaring, Price M. Witt, T. J. Biggerstaff, Thomas C. Rankin, L. L. Dorsey, Judge John M. Lassing, Morgan C. Hughes, C. J. Elbrick, Chas. H. Berryman, Claude Mercer, Robert M. Scott, Harry H. Hanger, Younger Anderson, Robert A. McDowell, and James F. Jett money VanLandingham is alleged to have been allowed to draw from the company without consideration. Another \$40,000 is asked for on the ground that it was expended in the company's business without right. The trustee is represented in the suit by Attorneys A. M. Baker and J. A. Edge of Lexington and J. W. Cammack, of Owenton.

KINNAIRD BROS GARAGE.

Now located in the Rex building on Stanford street. Lack of room has been our handicap. We are prepared for you now as we have about 7000 feet of good clean floor space, good wide entrance both in front and rear, plenty of room in front—no crowding.

Our mechanical department is under the management of Mr. Edd Daugherty. You all know Ed as he has served you for the past four years, from the little boy of the kiddy car to the magnificent cars, that go over the Booniey entrance to the South. They know Ed, they depend on him and they know he is just as careful and competent with one as the other; that's the reason, and we, as well as you, are glad to know that Ed will still be with us to look after your every need and care.

In our sales room we are glad to be able to show you three cars of which the public are proud—namely, the famous Hudson Super Six, the powerful Hupmobile with its hill climbing capacity and last but not least the wonderful little Dodge Bros car that has caused such a wide sensation among the people who crave a high-class complete car within itself under \$1,000.00. We are fortunate to be able to show the public three cars of the reputation of these. Let us demonstrate, it's a pleasure. Our line of accessories is complete, our oils and greases are the best, as we carry only the Mobiloids, a grade for each car. The name tells the story.

In our tire department you will find United States, Silvertown Cords, Republic, Muller, Racine and Lee Tunctureproof Tires of all sizes, for all cars.

As you well know there is likely to be quite an advance on all standard automobiles within the next few months. Why not call us up and let us save you that advance, place and order now for spring delivery. Our phone number is 81, call us up, we are always ready to take care of phone calls night or day as we have plenty of help that have rooms in the building.

John and Robert Kinnaid, Prop.

Cream Dairy Feed will make your cow give more milk.

Hudson, Hughes and Farman.

Proof of Power of Advertising. "Advertising is a great art," said 200 tradesmen to another a day or so ago. "Let me give you an illustration: Who should be the best-known son of Jacob? Hendon, of course. But which do you read of and remember most easily? Why Joseph; because he advertised. He wore a coat of many colors, whilst the rest of the family went about in the ordinary kind—whatever they may have been. So we bear of Joseph and his brethren. Such is the power of advertising."

SCHOOL NOTES.

The work of the present school year is progressing very satisfactorily. The enrollment is a little below that of last year, but the attendance is better.

The new Physics Laboratory is about the most interesting room in the building now. The Physics class seems to be pleased with the equipment, and are making good use of it at regular laboratory periods.

Professor Milton Elliott of Frankfort Ky. visited the school last Friday and conducted chapel exercises. Professor Elliott always has something worth while for the school children.

Rev. C. E. Callison, pastor of the Lancaster Baptist church, conducted the chapel exercises Tuesday morning. Brother Callison, having been a teacher himself, knows the needs of boys and girls, and always contributes something helpful. The local ministers take their weekly turns at chapel as usual. The whole school misses Brother Tindler this year.

The High School Literary Societies have been reorganized this year. The joint program this week, the first of the year, was very interesting. Elasha Garner gave a reading; George A. Swinebroad reviewed the progress of the war for the last month; and Miss Mary Lee Lear sang for the meeting. The boys and girls will hold their meetings separately at the next regular meeting date.

The Seventh and Eighth grades also have organized for special Friday afternoon programs every two weeks, the first program, given last Friday was all that could be expected. Both teachers and pupils were delighted.

HONOR ROLL.

Grade II—Robert Hatton Davidson, Beattie Denny, Cora Hudson Schuler, Lillian Kelley, Elsie Hatfield.

Grade III—Garnett Fothergill.

Grade V—Homer Carrier, Edith Moore.

Grade VI—Lenna Aldridge, Myrtle Lee, Lizzie Young.

BROWNSVILLE, TEXAS. Mr. Clark Baker, writes: "My wife would not think of using any other cough medicine, as Foley's Honey and Tar is certain to bring quick relief. It is especially effective in cases of bad coughs, and it gives it to our children and recommended it always as a safe remedy, for it continues to operate."

Gossip About People

A Brief Mention of the Comings and Goings by Those We Are Interested In.

Mr. and Mrs. Joe Francis have been recent guests of Mr. and Mrs. A. K. Walker.

Miss Mary Arnold, of Stanford, was the guest last Sunday, of Mr. and Mrs. Joe Francis.

Messrs Burton Stapp, Curtis Sanford and Robert Ross, were in "Little Britain" Sunday.

Mrs. J. W. Acy of Stanford, is here visiting her mother, Mrs. Hughes, on Richmond St.

Mrs. Earnest Peppes of Covington, is visiting her parents, Mr. and Mrs. Randolph Harris.

Miss Scott, of Georgetown College, visited her sister, Miss Elizabeth Scott, Saturday and Sunday.

Mr. and Mrs. Charles Deeman, of Nicholasville, are the guests this week of Mr. and Mrs. Henley Bastin.

Mrs. Frank Browning has returned from Lebanon where she visited her parents, Mr. and Mrs. Mattingly.

Messrs Alex Duty, Robert Kimball, Paul Elliott, T. J. Price and Glass Carter, were visitors in Lexington Sunday.

Friends of Mr. James Burnside, regret to hear that he is confined to his home with a severe attack of grip.

Mr. A. K. Walker and son, Lewis, spent last Sunday and Monday in Stanford, the guest of Mr. Walter Walker.

Miss Mabel Browning has returned to her home at Winchester after a pleasant visit to her friend, Miss Bettie West.

Mrs. Robert Todd left for Chicago yesterday where she will join Mr. Todd, who has a lucrative railroad position in that city.

Mr. and Mrs. G. H. Clark, of Lexington, motored to this contry last Sunday and were guests of their parents for the day.

Miss Jennie Higgins spent a part of last week in Lexington, the guest of Miss Georgia Dunn, of Transylvania University.

Miss Mary Lee Lear visited her aunt Mrs. Fish, in Stanford and attended the ball game between Stanford and Springfield.

Mr. and Mrs. J. W. Sweeney and daughter, Miss Martha Ward, accompanied Mr. and Mrs. Howard Hoenig to Lexington Sunday where the latter will make a visit of several days.

Mr. and Mrs. Theodore Wintersmith and Miss Lucy Robertson, of Louisville, Mrs. F. Z. Robertson and Mrs. Sterling Wells, of Elizabethtown, will spend the week-end with Mr. and Mrs. W. R. Cook.

Mr. M. M. Turner, who has been with the Iustin Telephone Company, for a number of months has accepted a lucrative position with the Western Union at Nashville and left for that city last Tuesday.

Mr. and Mrs. Atk Hill Harned, of Lebanon Junction, are rejoicing over the arrival of a handsome boy, he having made his advent on Nov. 4th. Mrs. Harned was formerly Miss Laverne Nevius, of this place and a daughter of Mr. and Mrs. Joe Nevins.

The friends of Miss Lily D. Grant will be interested to know of her interesting and growing class in music in Norfolk, Va., to which much of her time is devoted. Miss Grant will spend the winter in Norfolk, with holiday visits to Annapolis and to Washington, D. C.

Messrs Ira Hamilton, Joe Bryant, Hollis Warren, Willie Swope, James Ralston and Hume Wilson, came up from Cam Taylor for a short stay with relatives during the past week. Messrs Swope, Ralston and Wilson, came in the interest of the Y. M. C. A. work and their talk added very much to the interest in the campaign.

HAMM-RUBLE.

On Wednesday, November 7th, Mr. G. H. Ruble and Miss Lorraine Hamm, of this contry, motored to Lexington where, on their arrival, procured license and were quietly married at the home of Rev. Ernest L. Ford, on Maple avenue. Rev. Ford, pastor of the Pleasant Grove Christian church officiating. Immediately after the ceremony they embarked on the 5:50 train for a short bridal tour, after which, they will be at home near Buena Vista.

Mr. Leslie Ruble, a nephew of the groom, and wife accompanied the happy couple as far as Lexington.

The groom is one of Garrard county's best and prosperous farmers and is well-known throughout the county. Miss Hamm, the bride, is one of Garrard's most popular and accomplished young women and Mr. Ruble is to be congratulated upon the winning of the hand of one who is so well endowed as to make a helpful and cheerful companion through life. The best wishes of their many friends go with them for a long and happy married life.
